

GREAT FUTURES START HERE.

Project Challenge

Please add the name of your Activity below.

Dinosaurs (The Land Before Time)

Please add the suggested grades below.

Suggested Grades: 1-5

Dinosaurs are a diverse group of reptiles of the clade Dinosauria. They first appeared during the Triassic period, between 243 and 233.23 million years ago.

You will create your very own dinosaur using playdough or aluminum foil.

YDPs and or directors please add a brief description (two to three sentences) of what the activity will consist of; a synopsis.)

In today's activity, ADD

(YDPs and or directors please add essential resources such as links to videos, printouts, readings, pictures, etc. below.)

A little Help for the parents

Materials List

(YDPs and or directors please add the materials list below keeping in mind accessibility for our families.)

Help your child gather materials to make this activity.

1. Google
2. You Tube
3. Playdough/Clay

4. Aluminium Foil (Lots of it)

Steps to Success

(YDPs and or directors are extremely clear with the steps. Remember that families will be reading the steps without us present thus it is essential that we are descriptive, instructive and orderly. We want to make it comprehensible.)

Follow these steps to help your child succeed.

1. Grab your electronic device
2. Go to Google.com
3. Search for dinosaurs
4. Select the picture or claymated figure you will like to create
5. Or you can click on the link to follow how to use aluminium foil.
6. Then click on the attached You Tube link to follow the instructions
7. Then create as you may.

Guiding, Inspiring, and Helpful Questions

(YDPs and or directors please add guiding, inspiring, and helpful questions. We want parents and students to use their imagination and think strategically! Please post a minimum of three questions.)

Does your child need a little encouragement? Use these questions to help guide him/her through the thinking process.

1. Name some of the dinosaurs.
2. Were the instructions clear and concise?
3. Did the video help you?

4. What's your favorite dinosaur?

Change Your Perspective!

(YDPs and or directors please add modifications to the activity. What can you change to include everyone? change the activities perspective? and or any modifications that families are welcomed to try to mix the activity up.)

How can you change the activity to make it more yours? Can you make it better or different?

Smart Questions

(YDPs and or directors please add “smart questions below”.)

Help your child understand and remember what the activity is about by guiding him/her through these final questions.

1. Are you enjoying this project?
2. Can this project be just for dinosaurs?

Share

Every project is more exciting when shared with those in your community. How can you share this project with others to get them excited about making this project?

With the BGCSL

Take pictures of your project and send them to Info@bgcsl.org and we'll post them in a slideshow and on Facebook for all to see!

With Your Family, Friends & Community

Get online and on the phone and encourage your friends, family, and community to do this project!

Want to learn more?

(YDPs and or directors please add resources such as links, printouts, and readings that will allow students to dive deeper into the subject.)
